You will find KSP download sites like.Q: What should you expect of other people's code? I've been trying to get a grip on common web design norms and best practices, and I came across a couple of statements from the folks at Codecademy that I'd like to share with the wider web community: I enjoy writing code, but I also enjoy using other people's code. I want to learn from their code, not just rewrite it. I have other
