Lands Between: The great fantasy action RPG, where you are the hero that adventures through a vast world to come to the defense of a beautiful and peaceful land. You can develop, learn and unleash a wide variety of attack forms and magic skills, in a rich game world where you can freely explore. The story of this game is based on the well-known theme "The Elden Ring Serial Key" by Robert E. Howard, and many of the scenes are drawn directly from his works. ◆ Character Design By careful consideration of a variety of input from the player base, the development team has worked to create a character design that lets you feel what is going on in the game, and has maintained the classic and unique feel of the series. ◆ Action: a Unique Combination of 3D and 2D By taking advantage of the

PlayStation®4 hardware capabilities, "Yogscast" has developed an action game that combines both 3D and 2D graphics. ◆ Enjoy a Multimedia Experience With AR Cards, you can experience the world of Lands Between as you read the original stories and illustrations that were created based on the original themes, and take in the breathtaking scenery in vivid detail. ◆ A Variety of Adventure Gameplay By adding new elements to the traditional action RPG gameplay, a variety of exciting gameplay is realized, such as, in addition to the classic, taking advantage of 3D graphics to observe from afar, directly fighting monsters as you enter the world, and in battles, experiencing the amazing thrill of an action fight in the middle of the action. World Map World Map Note: Characters are permitted to walk in any area

without restriction. Bridges that connect villages and towns are denoted with a sign. The world map shows locations that you have visited and level-ups. This became a horrible cycle of addiction and self-destructive action for another 10 years. At that point it became chronic, from the pain it inflicted me, and the damage it caused to my health. It's a difficult, painful thing to heal. I can't say that I

Enjoy Online Warring with Other Players

In this game, you can be transported to another game server if your game server is full. You can battle your friends in the same area even after many minutes have passed.

To challenge other players, you can battle them by

creating a team in advance or selecting "Challenge" at the lower right corner of the Background Screen. You can also create a contact with the criteria of your friend list.

New players can enjoy a server without waiting for others to approve their server. After a few accounts are registered at the same time, you can play with others in an online war.

If your opponent is a new user, you can face in the online war immediately. The new users are able to engage in a war even with a low experience level. Also, when you are victorious in an online war, you can increase your experience points and continue with the next battle, which is important to train your muscles.

You can also join together with NPCs in a war. You can battle with NPCs at the count of 10,000, which is the biggest NPC battle.

If you are defeated in combat, you can search for a NPC and continue the war with him. What's more, you can learn new skills and experience all new techniques through your war
